If you are declining enrollment for retiree coverage for yourself and your Dependents (including your spouse) because of other group health plan coverage, you may in the future be able to enroll yourself and your Dependents in the Plan, provided that your Dependents' other coverage ends for reasons other than fraud or failure to make the required payments and you request enrollment within 30 days after the other coverage ends. In addition, if you gain a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and those Dependents, provided that you request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. **Note:** When you reach Medicare eligibility age, you must reinstate coverage under the Plan. Failure to do so will result in the permanent declination of enrollment.
