Impact Specialty Medication Program

Effective February 1, 2025, the Impact Specialty Medication Program will allow SavRx to source selected specialty medications from pharmacies at discounted rates. If enrolled in the program, you will have a one-time consultation with a pharmacist, which allows for SavRx to obtain this special pricing. There is no additional out-of-pocket cost for members in this program. You will be contacted by SavRx if you are eligible to be enrolled in the program. Participation in the program is mandatory for participants who are receiving medications covered by the program.

Sincerely,
The Board of Trustees
